Hello Andrew,

Thank you for taking your time to talk to Policy Advisor Bill Dunbar and me yesterday. This is a follow-up message to provide information that you requested.

Attached is the "Application for Federal Assistance" submitted by the Northwest Indian Fisheries Commission, which was selected as the award recipient through a competitive process. This document provides more information about how the money is to be spent by NWIFC, including the work plan, the budget, and a signed "Certification Regarding Lobbying" on the tenth page. Under this award, NWIFC made the subaward to the Swinomish Indian Tribal Community.

Here is the text of the radio ad:

Support for KUOW comes from What's Upstream dot com, a coalition of Washington clean water advocates working to protect salmon rivers and streams by addressing agricultural pollution as a cause of pollution in salmon-bearing streams.

Believing that clean water in Puget Sound starts with clean water upstream. More at What's upstream dot com.

Our office will follow up again when we have more specific information about costs under the subaward.

With my regards,

Cindy
